Foreword

Higher education is one of the priorities of the government of Nepal. Ever since the establishment of Tribhuvan University the number of institutions offering higher education in the country has increased. In the meantime, with the rapid growth of population until lately the size of eligible population to higher education has also increased significantly. In the context of a least developed country, meeting the challenge of providing access of higher education to the increased number of eligible population is important. More importantly, the quality of higher education and its relevance to market and national priority has been a concern. Currently, a total of eleven universities, four health academies and 1,425 higher education institutions associated (constituent or affiliated) with them are providing mainstream higher education in the country.

In our country availability of timely and relevant data has been a challenge even in the higher education sector. One of the important tasks of University Grants Commission (UGC), Nepal is the development of Higher Education Information System (HEMIS) and publication of its annual EMIS report. This is only possible through coordination and collaboration with Universities and other relevant higher education institutions (HEI). UGC, as a coordination body, has been supporting Universities and their constituent and affiliated institutions in strengthening their education management information systems. A comprehensive and coordinated HEMIS is of utmost importance for the country. Proper functioning of HEMIS at UGC and the timely publication of its annual report largely depends upon timely coordination, collaboration and cooperation between UGC, Universities and HEIs associated with the Universities and academies. This publication is one example of successful coordination and cooperation.

This publication is eleventh in its series of HEMIS report published by UGC. It presents information about universities, their campuses, student enrolment, gender parity index, graduates, teachers, student to teacher ratio in multi-dimensional format considering faculty, level of education, province, type of campuses. This multi-dimensional summarized information will of greater value for timely and correct implementation of higher education policy and also for all the stakeholders of higher education system.

We have been encouraged by inquiries and use of data of this report in the past and believe the current publication benefits all those concerned with higher education planning and implementation, research, monitoring and other related tasks. UGC appreciates constructive feedbacks and suggestions to improve the quality and coverage of the report as well as strengthening of the HEMIS system.

Acknowledgements

This report has been prepared based on the data as well as advices provided by the Ministry of Education, Ministry of Finance, Central Bureau of Statistics and Universities, their campuses and several other institutions. University Grants Commission Nepal highly acknowledges their kind cooperation and support. UGC would like to express thankful appreciations to the contribution made by Mr. Mohammad Umar and Mr. Bidur Dhakal from the Office of the Controller of Examination, Tribhuvan University. Similarly, thankful appreciations go to Mr. Dhurba Rimal and Ms. Rupa from the Faculty of Management, Tribhuvan University; Mr. Shekhar Dhungana from Kathmandu University; staffs from Purbanchal University; Ms. Archana Shrestha from Patan Academy of Health Sciences; Mr. Lok Raj Dhakal from Pokhara University; and staffs responsible for data management from Far-Western University, Mid-Western University, Agriculture and Forestry University, National Academy of Medical Sciences, Lumbini Bauddha University, Nepal Sanskrit University and BP Koirala Institute of Health Sciences. Developing and maintaining HEMIS is a collaborative work, contribution of the participating organizations and HEIs are crucial for keeping up the data system and publication of this annual report regularly, we remain confident for continued cooperation and support of all stakeholders in future endeavors. UGC highly appreciates their contributions. UGC also appreciates the special contribution of all the concerned staffs of the commission in the publication of this report.

EXECUTIVE SUMMARY

This annual EMIS report 2017/18, the eleventh edition, shows the status of higher education in Nepal in year 2017/18. Eleven full universities and four medical academies (governed by government of Nepal) and their constituent and affiliated campuses are providing education on various programs of different faculties to the students. The campuses of the universities are categorized into two types: constituent and affiliated. The affiliated campuses are either private or community-based.

The eleven full universities and four medical academies are: Tribhuvan University (TU), Kathmandu University (KU), Pokhara University (PokU), Purbanchal University (PU), Nepal Sanskrit University (NSU), Lumbini Bouddha University (LBU), Far-Western University (FWU), Mid-Western University (MWU), Agriculture and Forestry University (AFU), Nepal Open University and Rajarshi Janak University, National Academy of Medical Sciences (NAMS), B.P. Koirala Institute of Health Sciences (BPKIHS), Patan Academy of Health Sciences (PAHS) and Karnali Academy of Health Sciences (KAHS).

In the year 2017/18, there are altogether 1,425 higher education campuses, 137 constituent (9.6 percent) campuses, 780 private (54.7 percent) and 508 community (35.6 percent) campuses.

TU has 1,140 campuses (60 constituent and 1080 affiliated campuses). The other major universities in terms of student number are PU, PokU, and KU. These universities have more than 15,000 students and more than 20 campuses; PU has 131 (9.2 percent) campuses, PokU has 62 (4.4 percent) campuses, KU has 23 (1.6 percent) campuses. The medical academies do not have any private campuses; they have only constituent campuses.

In terms of the ecological belts 58.9 percent (840) campuses located in Hill (highest), 35.9 percent (512) campuses in the Tarai and 5.1 percent (73) campuses in the Mountain. In terms of the provinces, 618 (43.4 percent) campuses are located in province three (highest), 177 (12.4 percent) in province five, 199 (14 percent) in province one, 128 (9.0 percent) in province two, 147 (10.3 percent) in Gandaki province, 97 (6.8 percent) in Sudurpaschim province and 59 (4.1 percent) campuses in Karnali province.

In terms of the level of study 1,301 campuses are offering Bachelor level of programs and 319 campuses are offering Master level of programs.

Enrolment in Higher Education

In year 2017/18, total 423,996 students are enrolled in Higher Education. TU has 335,126 (79.04 percent) students, PokU has 29,419 (6.94 percent) students, PU has 26,128 (6.16 percent) students and KU has 17,942 (4.23 percent) students and rest of the students are enrolled in other universities and medical academies.

The enrolment proportion in terms of field of study is 78.6 percent in general programs and 21.4 percent in technical programs. Enrolment in management, education, and humanities is 46.78 percent, 17.88 percent and 13.20 percent respectively as opposed to 7.11 percent in S&T, 6.08 percent in Medicine, 6.55 percent in Engineering.

The distribution of students across the ecological belts shows that 61.57 percent students are in Hill, 36.58 percent students are in Tarai and 1.85 percent students are in Mountain. In terms of the seven provinces 215,712 (50.88 percent) students are in province three, 51,556 (12.16 percent) are in province five, 48,316 (11.4 percent) are in province one, 37,649 (8.88 percent) are in Gandaki province, 29,901 (7.05 percent) are in province two, 26,842 (6.33 percent) are in Sudurpaschim province and 14,020 (3.31 percent) are in Karnali province.

Private campuses have highest number of students among three types of campuses. The share of student enrolment in the community campuses is 30.29 percent, constituent campuses is 32.41 percent, and private campuses is 37.30 percent.

Share of Girls in HE Enrolment

The overall girl's enrolment in HE in Nepal is about 53 percent. By university, the girls' enrolment proportions of TU is 54.73 percent, of KU is 46.75 percent, of PokU is 41.76 and of PU is 50.91. The proportions of girls' enrolments in the medical academies is: BPKIHS 49.31 percent, PAHS 63.89 percent and NAMS 70.52 percent.

In terms of campus types, the biggest share (64.69 percent) of girl's enrolment is observed in community campuses. This figure is 49.58 percent in private and 44.75 percent in constituent campuses.

The proportion of girls' enrolment is the highest in the education faculty (64.75 percent), followed by 62.45 percent in Medicine, 51.85 percent in humanities, 55.28 percent in management. The percentage of girls in total enrolment at various levels of study is: 53.70 percent in bachelor and 47.12 percent in master.

Gender Parity Index (GPI)

GPI of HE in year 2017/18 is 1.1. GPI of community campus is 1.83, constituent campus is 0.81 and private campus is 0.98. By levels, GPI of bachelor level is 1.16 and master level is 0.89.

In terms of faculty, medicine has GPI of 1.66, education has 1.84, management has 1.24, humanities and social sciences has 1.08, S&T has 0.57, and engineering has 0.23.

Pass Percent

The pass rate of three universities: TU, PAHS, BPKIHS are 27.63 percent, 100 percent, and 79.4 percent respectively in year 2017/18.

The pass rate of faculties of TU is 23.68 percent in law, 37.38 percent in humanities and social sciences, 20.05 percent in education, 26.81 percent in management, and 40.48 percent in science and technology.

Graduates

The figure about the number of graduates included in this report is based only on the number of students included in the grace list prepared by the related universities for the convocation programs.

In 2017/18, total 88,115 students graduated from the universities; 64,998 students graduated in bachelor level and 23,117 students graduated in master and higher level.

Gross Enrolment Ratio (GER) in Higher Education

Gross enrolment ratio for higher education in terms of level of study is 17.0 in bachelor and 6.7 in master level.

Public Financing

The universities have been receiving block grants (i.e. regular and development grants) and the community campuses get small token grants. In case of medical academies, the funds are made available directly through the Ministry of Health and Population. The grants provided to the universities in year 2017/18 is 9.31 billion.

Teachers

In year 2017/18, the total numbers of teaching staffs (including instructors) is 9269, among them, around 52.09 percent are Lecturers, 24.23 percent are Readers and 8.98 percent are Professors.

Student-Teacher Ratios

The overall average student-teacher ratios (number of students per teacher) are as follows:

TU (14.6:1), KU(20.1:1), MWU (25.5:1), FWU (33.8:1) PokU (15.6:1), BPKIHS (1.7:1), PAHS (2.5:1), NAMS (2.2:1) and LBU(8.3:1)

SECTION 1

INTRODUCTION

The University Grants Commission (UGC) publishes basic statistical information about the higher education (refers bachelors, post graduate diploma (PGD), masters, M. Phil., and Ph.D.) through its annual publication in the form of EMIS report. This EMIS report presents information about higher education in Nepal through disaggregated and comprehensive data.

UGC established an Education Management Information System (EMIS) under the Second Higher education Project (SHEP, 2007-2014) with support from The World Bank, to ensure quality of the data regarding higher education by standardizing the process of data collection, their effective management and timely publication. Accordingly, a set of EMIS indicators have been prepared and statistical data forms have been developed.

This is our eleventh attempt to bring out a comprehensive report of statistical information about the higher education. The main purpose of this volume is to provide adequate, accurate, timely and reliable data to the education stakeholders.

This EMIS Report on higher education has covered a broad range of topics that include information about higher education institutions (universities, medical academies and their campuses), student enrolment, gross enrolment rates (GER), pass rates, gender parity index (GPI), graduates, teachers, public financing, student to teacher ratio, trend analysis and academic programs. In this report, information about Research grant, Regular Grants, QAA, and HERP is also provided in brief.

1.1 Organization of the Report

There are sixteen sections in the report: the first section provides introduction to the report, the second provides background information on universities, number of their campuses, distribution of the campuses by the provinces and the third gives university-wise information on enrolment status, type of campuses, location, and level of education.

Section four offers data on GPI. Section five provides information on pass rates of the universities. Section six presents information about distribution of graduates by university. Section seven provides the GER for bachelors and masters degrees, and also for higher education as a whole.

Section eight presents information on the government financing for universities channeled through the UGC. Information on teachers is presented in section nine. Section ten lists the average student/teacher Ratio (STR) in the constituent campuses of the universities. Section eleven provides average campus size of universities. The section twelve analyses the trends of total campuses, enrolment, graduates. Remaining four sections provides information about HERP campuses, QAA Campuses, Research grants and Regular grants.

The annexure is followed by the main text of the report. It includes a total of eight annexes. Annex one provides definitions of concepts and terminologies used in the report. The second one a brief description of the higher education system in Nepal and the third annex presents brief descriptions of the universities and academies. Annex four contains information about report preparation. Annex five contains the analysis of enrolment status of various campuses based on the provinces: in various faculties, programs and levels. Annexes sixth and seventh present definitions of EMIS indicators and a brief introduction of the UGC. Annex eight shows list of QAA institutes.

1.2 Methodology

This report was prepared through contributions of the concerned universities through their planning divisions, Office of the Controller of Examination (OCE) and Dean's Offices, as well as various government agencies. Relevant documents from UGC, universities, planning divisions, OCE, Dean Offices also were used to prepare this report. The pre-defined EMIS indicators of higher education together with its dummy tables have been used as a basis. The data were collected from OCE of universities.

1.2.1 Data Collection

Tools: After the establishment of EMIS section in the UGC, it first identified and prepared higher education system indicators.

1.2.2 Data Processing:

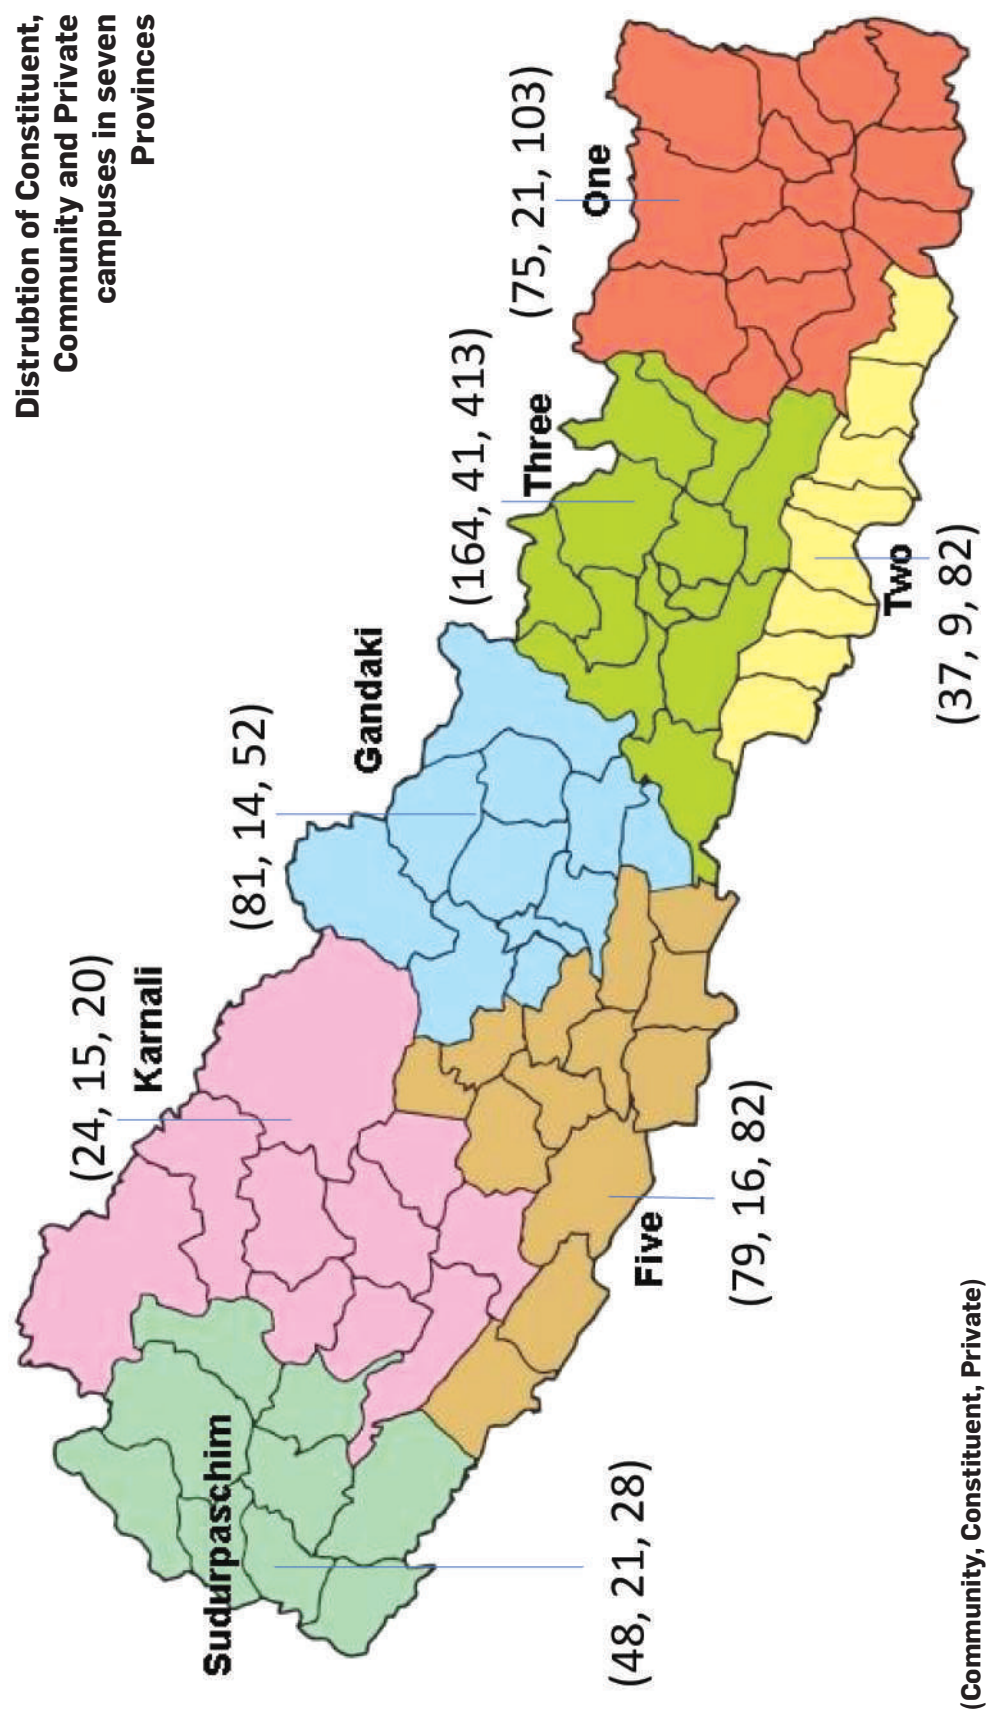

The EMIS section has created a simple database system in order to store and manage the data. The system is maintained carefully so as to have control over the collected data, their coding, entry and verification.

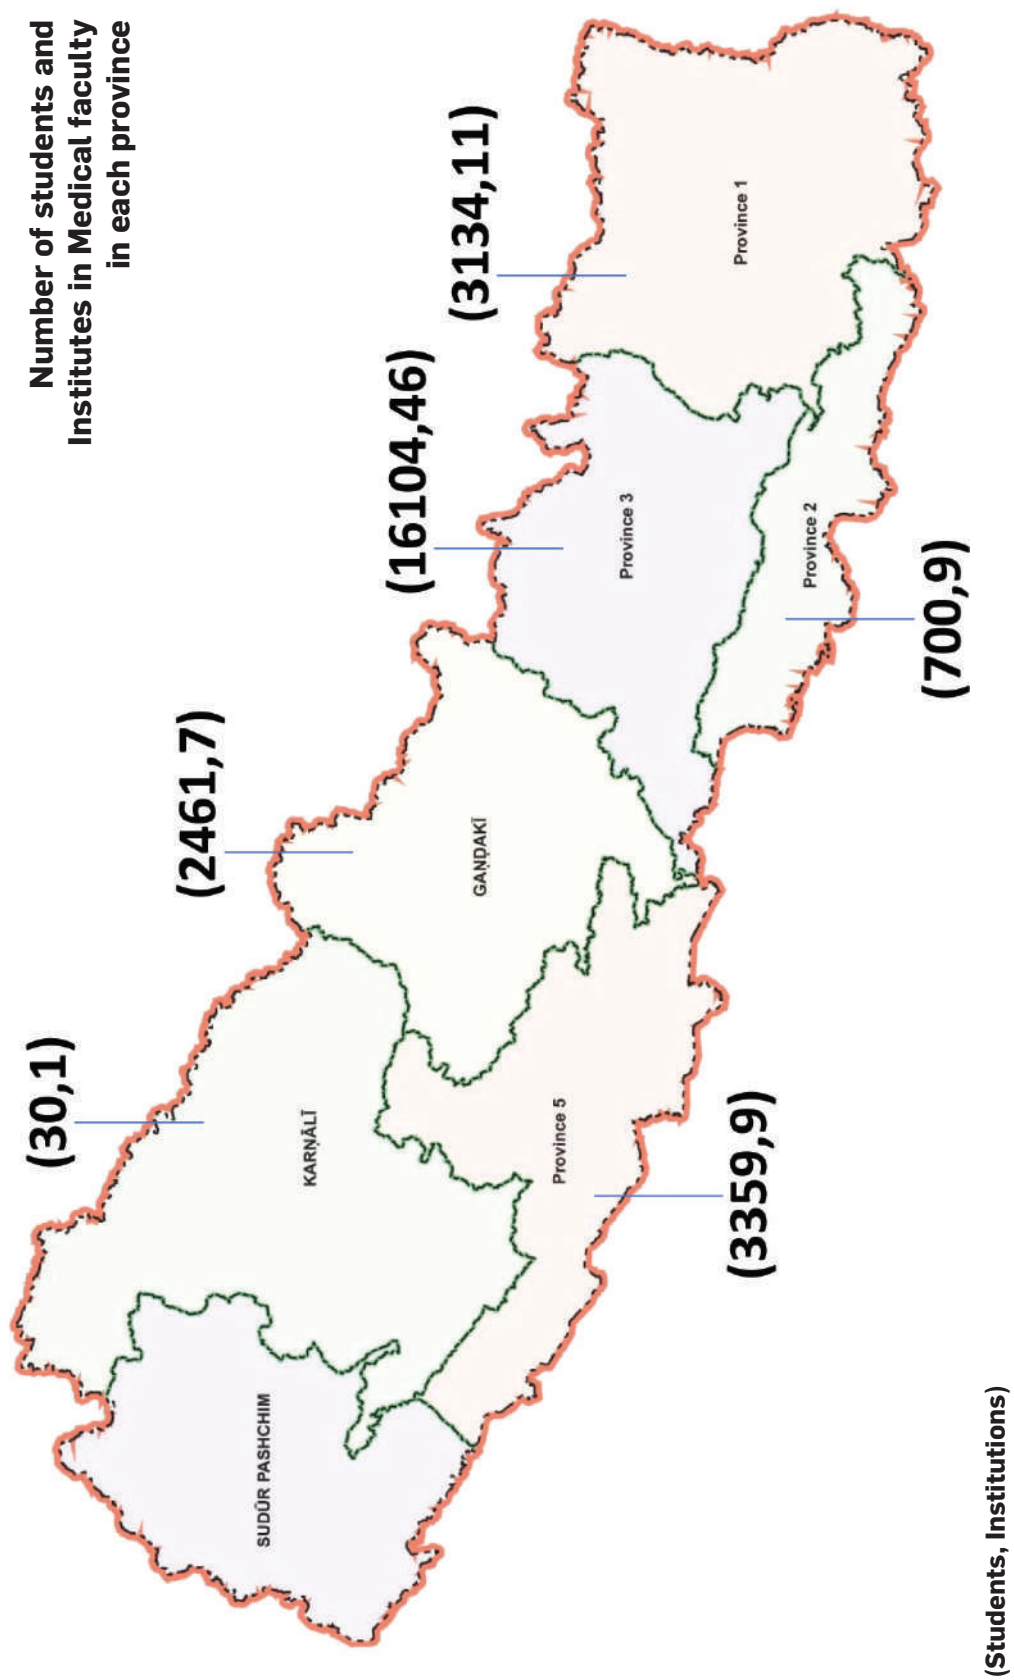

1.3 Scope and Limitations

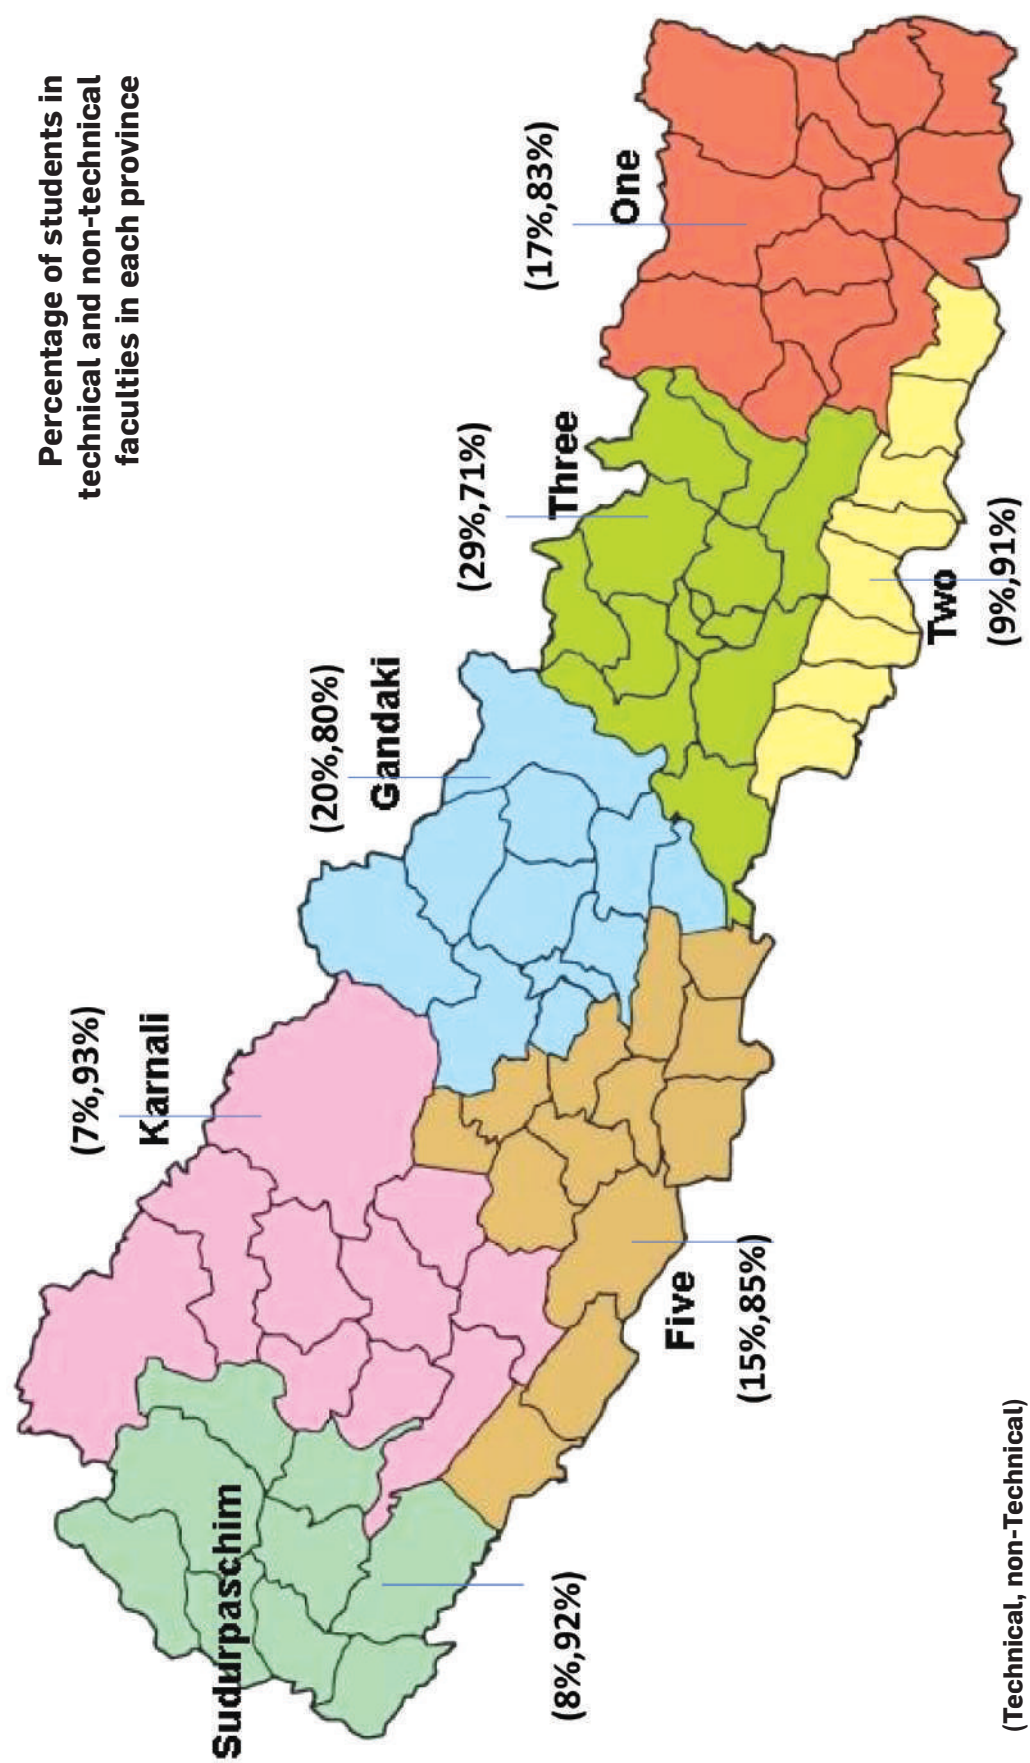

Data collection process is very time consuming as all of the universities have not maintained proper computerized information system.

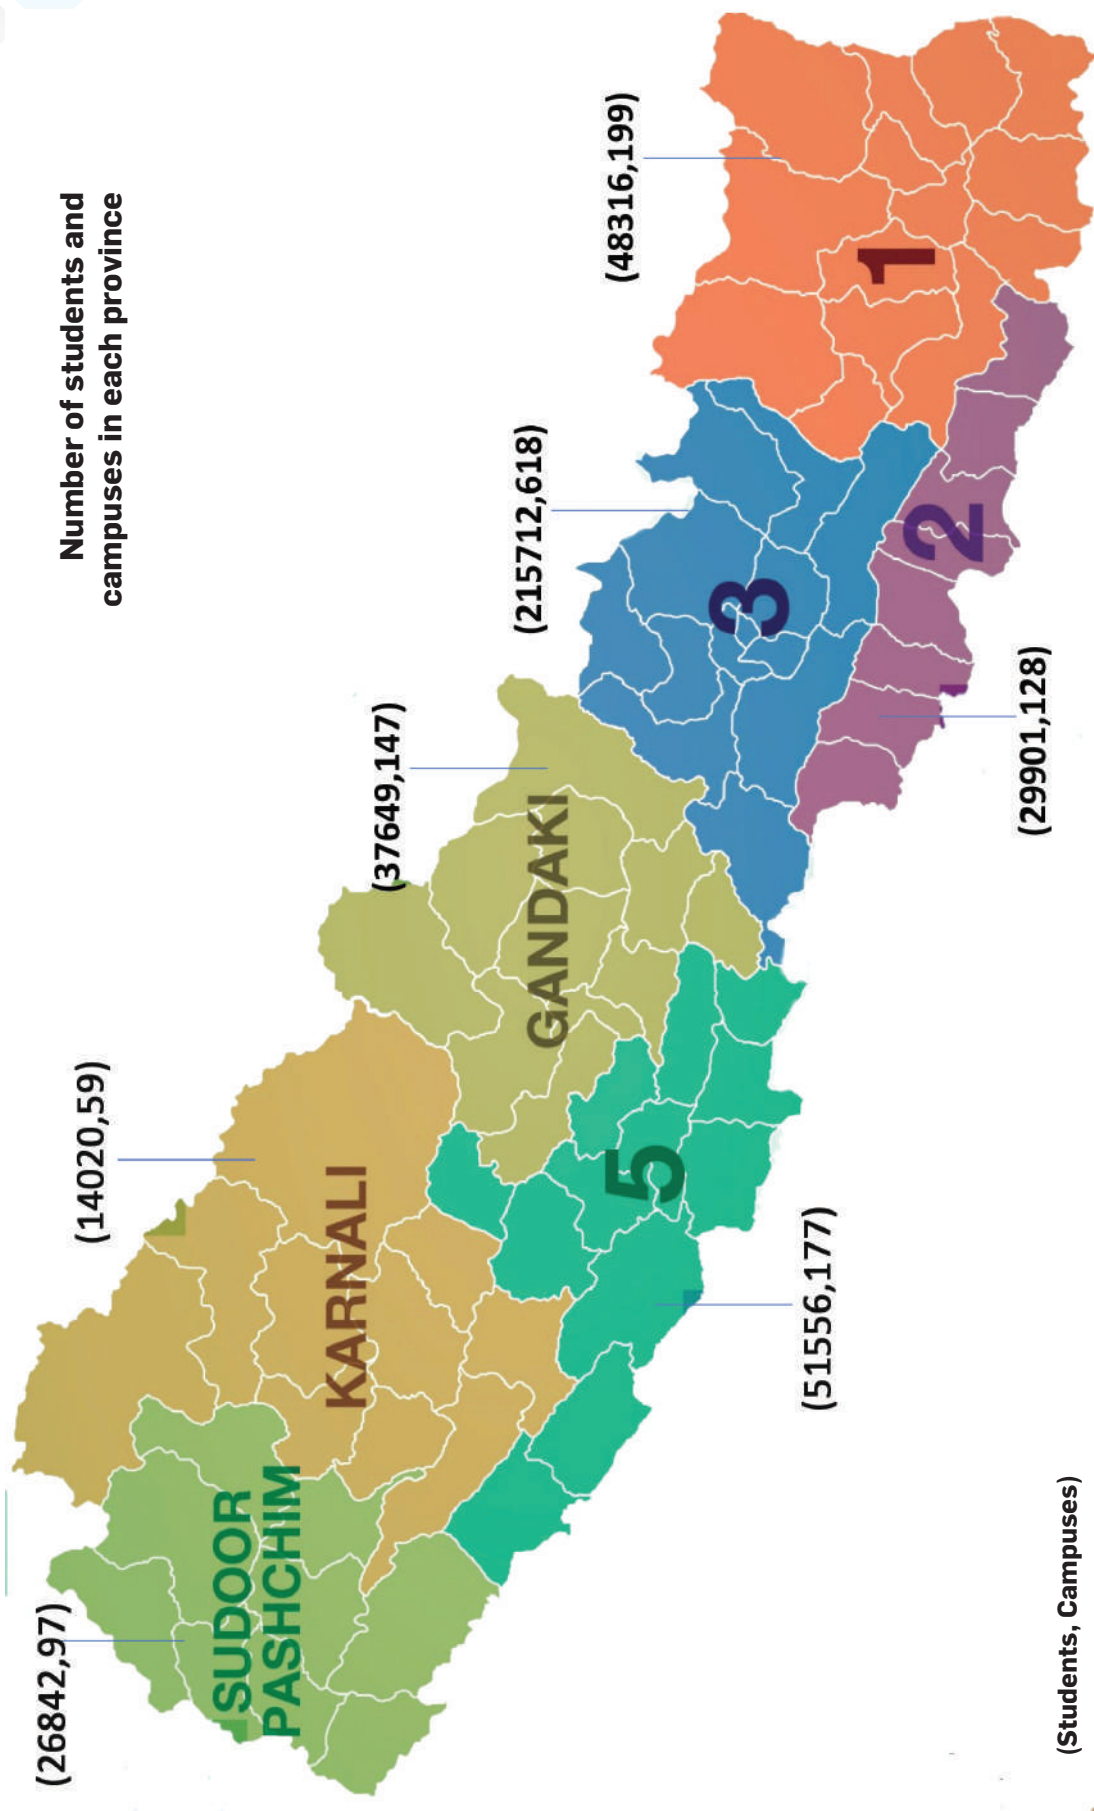

1.4 Data in Maps

Four maps are developed for the pictorial representation of the distribution of campuses, students in provinces.

SECTION 2

UNIVERSITIES AND CAMPUSES

Higher education in Nepal is provided by the universities through their central departments, constituent campuses and affiliated campuses and medical academies. Currently there are eleven universities and four medical academies.

The universities are Tribhuvan University (TU), Nepal Sanskrit University (NSU), Kathmandu University (KU), Pokhara University (PokU), Purbanchal University (PU), Lumbini Bouddha University (LBU), Agriculture and Forestry University (AFU), Mid-Western University (MWU), Far Western University (FWU), Nepal Open University (NOU) and Rajarshi Janak University (RJU) and the medical academies are National Academy of Medical Sciences (NAMS), Patan Academy of Health Sciences (PAHS), BP Koirala Institute of Health Sciences (BPKIHS), Karnali Academy of Health Sciences (KAHS).

Different institutions/schools/faculties have been established in universities and under the faculties several programs/courses are offered at the central department, constituent campuses and affiliated campuses. The faculties are controlled by the dean's office of the university; for each faculty there is one Dean's office.

Bachelors and Masters are the two major levels of study (education) offered by the universities. Most of the Bachelor's programs are of four years though some programs such as medical programs are of five years. Master's level programs are of two years. PhD programs are offered in some universities.

The constituent campuses are managed directly by concerned university and are the part and parcel of the universities. Affiliated campuses are controlled and managed by non-governmental organizations and their academic programs are affiliated to universities. The affiliated campuses work under the jurisdiction of respective affiliating universities. The affiliating campuses teach courses developed by their universities; exams in such campuses are conducted by the affiliating university, which is also responsible for publishing results.

Affiliated campuses are further categorized into private and community; private campuses are controlled and managed by private organizations under the rules and regulations of the concerned university, whereas community campuses are controlled and managed by the stakeholders of the community with non-profit motive as per the rules and regulation of the concerned university. Affiliated campuses have considerable degree of administrative and financial autonomy.

Table 2.9 shows distribution of campuses across the provinces by faculty. The large number of campuses offer programs under the Management faculty followed by Education Faculty. A fewer number of campuses offer programs on Science and Technology, Engineering, Medicine, Agriculture, Forestry, Animal Science veterinary Science and Fishery; Management, Humanities and Social Sciences, Education, Engineering and Science and Technology are the faculties having campuses in all seven provinces.

SECTION 3

ENROLMENT IN HIGHER EDUCATION

This section presents information on number of students enrolled in universities, faculties, level of education (study), types of campuses and province-wise enrolment of students. In year 2017/18, 423,996 students were enrolled in 1425 campuses of eleven universities and four medical academies.

Table 3.1 shows distribution of students in eleven universities and four medical academies. The fourth and fifth columns of the table show total number of students and share of student population among universities. Tribhuvan University (TU) has 79.04 percent students, Pokhara University (PokU) has 6.94 percent, Purbanchal University (PU) has 6.16 percent and Kathmandu University (KU) has 4.23 percent students. Rest of the medical academies and universities has less than 1 percent student of the total students.

Table 3.5 presents distribution of students in different level of education (study). From given table, it is seen that most of the students are not continuing their studies after completing Bachelor's level of education,

the share of students in Master's level is very low compared to Bachelor's level. Bachelors and Master's degree have remained the main programs offered by the universities; PhD level of study is provided by TU, KU, LBU, NSU and LBU.

Table 3.6 shows student enrolment in different type of campuses by level of education. Private campuses have enrolled more students in Bachelor's level of education compared to constituent and community campuses. But private campuses have lesser number of students in Master's programs than constituent campuses. Constituent campuses have more students in Master level of education, it is more than three times than of private and community campuses.

SECTION 4

GENDER PARITY INDEX

Gender Parity Index (GPI) tells us about the access of girl students to education. It is one of the most important indicators used to measure the participation of girls in higher education. GPI in higher education is expressed as the ratio of the number of girls to the number of boys enrolled in higher education. A value of near one indicates equality, less than 1 disparity in favor of boys, and a value larger than 1 means disparity in favor of girls.

In 2017/18, the GPI in higher education enrolment in Nepal is 1.1, which means the enrolment of girls is higher than the boys.

SECTION 5

PASS RATE

This section presents pass rates for regular students of TU, PAHS, and BPKIHS. The pass rates are calculated using data provided by the Office of the Controller of Examinations.

Table 5.1 Pass Rate of three Universities

University	Pass Rate (%)
TU	27.63
PAHS	100
BPKIHS	79.4

Table 5.1 presents pass rate of three universities. Pass Rate of TU is 27.63 percent, PAHS is 100 percent and BPKIHS is 79.4 percent.

Table 5.2 Pass Rate of TU in different Faculties

Faculty	Pass Rate (%)
Education	20.05
HSS	37.38
Law	23.68
Management	26.81
S&T	40.48

Table 5.2 presents pass rate of TU in different faculties. Education faculty of TU has pass rate of 20.05 percent, HSS has 37.38 percent, Law has 23.68 percent, Management has 26.81 percent, and S&T has pass rate of 40.48 percent.

Table 5.3 Pass Rate of TU in different provinces

Table 5.4 presents pass rate of three types of campuses in seven provinces. Pass rate of private campuses in all provinces is better than community and constituent campuses.

SECTION 6

GRADUATES

This section includes information related to graduates from KU, LBU, MWU, NSU, PAHS, PokU, PU and TU only. The number of graduates is based on the number of applications for convocation, which is usually lower than the actual numbers of graduates.

SECTION 7

GROSS ENROLMENT RATIO (GER)

The United Nations Educational, Scientific and Cultural Organization (UNESCO), describes 'Gross Enrolment Ratio' as the total enrolment within a country in a specific level of education, regardless of age, expressed as a percentage of the population in the official age group corresponding to this level of education. The Gross Enrolment Ratio gives information on the access and participation of the population of particular age groups in higher education.

In this context, six-year age group span (19-24) is used to determine the GER for higher education. Students of the 19-22 age group correspond to bachelor's level and 23-24 age group to master's level.

Table 7.1 –Higher Education GER

	Bachelor	Master	Overall GER
Enrolment	364,870	59,126	423,996

SECTION 8

PUBLIC FINANCING FOR HIGHER EDUCATION

Universities of Nepal receive financial support from the government through the Ministry of Education and it is channelized via the University Grants Commission. However, the medical academies receive the financial support for higher education directly from the Ministry of Health and Population. The grants released to the universities, however, depends on the nature of the university.

SECTION 9

TEACHERS IN HIGHER EDUCATION

This section provides information about the number of teachers in the constituent campuses of the universities. The Universities have categorized teachers in the five different levels according to the experience, research publications, and educational qualification. The five categories of teachers in the order of decreasing status are:

- Professor
- Reader/Associate Professor
- Assist. Prof/Lecturer
- Assistant Lecturer
- Others (Including Instructor)

Table 9.1 shows the numbers of different level of teachers in the constituent campuses of different universities. The number of professors is 832, reader is 2246, Assists. Prof (lecturer + Assist. Prof.) is 4991, Asst. Lecture 1154 and Teaching Assist. is 46.

SECTION 10

STUDENT – TEACHER RATIOS

Student-Teacher ratio (STR) measures the average number of students per teacher. It is calculated by total number of students divided by total number of teachers.

In this section, Student to Teacher ratio of the constituent colleges of Universities is presented.

Table 10.1 Student to Teacher ratio of constituent campuses of different Universities

Total	545	281	293	186	26

Table 11.2 presents information about the number of campuses according to different campus sizes. Number of students is divided into five ranges: less than hundred, more than 100 and less than 200, more than 200 and less than 500, more than 500 and less than 2000 and more than 2000. There are 545 campuses with less than 100 students.

SECTION 12

RECENT TRENDS IN HIGHER EDUCATION

This section presents trend analysis of year-wise variation in number of campuses, student enrolment, graduates produced together with the government financing for the years from 2010/11 to 2017/18.

Table 12.2 shows that trend in the number of three types of campuses. In year 2017/18 number of campuses has increased. Number of constituent campuses has increased from 99 to 137, three more private campuses are added, the number of community campuses has declined. The number of community campuses has declined as 24 community campuses of TU have been transferred to MWU and FWU as constituent campuses of these two universities, 10 community campuses to MWU and 14 to FWU.

SECTION 13

QUALITY ASSURANCE AND ACCREDITATION (QAA)

Accreditation is the process by which authorized body evaluates the quality of a higher education institution as a whole or of a specific educational program in order to formally recognize it as having met certain predetermined minimal criteria or standards. The QAA provides opportunities for institutions and their programs to assess their performance and their weaknesses.

Thus, accreditation is a process of quality assurance, whereby an institution or a program in an approved institution is critically appraised to verify that the institution or the program meets the norms and standards prescribed by the Higher Education Quality Assurance and Accreditation Council (HEQAAC). Accreditation does not seek to replace the system of award of Degrees and Diplomas by the Universities and Boards of Technical Education. It, however, provides quality assurance that the academic aims and objectives of the institution are known to be honestly pursued and effectively achieved by mobilizing the resources currently available, and that the institution has demonstrated capabilities to ensure effectiveness of the educational program (s), over the validity period of accreditation. In this context, under the recommendation of HEQAAC thirty-six institutions have been awarded QAA certificate by the UGC.

SECTION 14

HIGHER EDUCATION REFORMS PROJECT (HERP 2014-2020)

The project is based on

1. Higher Education Policy Framework and the National Program for Higher Education Reform and Development: HERP is a subset of NPHERD.
2. Experiences and lessons learned from the Second Higher Education Project (SHEP): Need for consolidating and sustaining systemic reform and development in HE achieved under SHEP.
3. Need for attaining quality, relevance, and academic excellence with research, innovation and development.
4. Need for expanding the scope of HE development to enhance national capacity in utilizing national potentials and opportunities.
5. Need to link HE with the world HE development trend: Competitiveness, academic exchange, and mutual recognition.

The total budget of HERP is 65 Million USD.

Objectives of HERP:

The major objectives of HERP are systemic / institutional reforms; improving quality, relevance and efficiency of higher education; supporting underprivileged students for equitable access; and promoting research, innovation and academic excellence.

The project implementation has been effective since May 2015 and will continue till June 2020.

Components of HERP:

The project constitutes two major components:

- (a) Component 1: Implementation of Reforms, and
 - (b) Component 2: Capacity Building and Project Management.
- (a) Component 1: Implementation of Reforms:** There are seven target areas under this component which are tied up with the following Disbursement Linked Indicators (DLIs):
- DLI 1 - National Accreditation system established and functioning
 - DLI 2 - Performance based financing extended to higher education
 - DLI 3 - Autonomy extended to additional campuses/schools
 - DLI 4 - Examination reforms implemented and academic calendar enforced in TU
 - DLI 5 - Academic reforms introduced
 - DLI 6 - Poverty targeted financial support for under - privileged students
 - DLI 7 - Academic excellence and research
- (b) Component 2 - Capacity Building and Project Management:**
- This component supports the capacity building of the implementing agencies as well as beneficiaries for effective project management to achieve the above DLIs and sustain the systemic reform. These include preparation of guidelines, workshops, seminars, training and study visits, refurbishment of office space, office rentals, project staffing etc. The provision also covers technical/professional support, setting up baselines, surveys, monitoring, evaluation studies etc.

Institutional Arrangements for HERP Implementation:

University Grants Commission (UGC) along with Tribhuvan University Project Implementing Office (TU PIO) and Student Financial Assistance Fund Development Board (SFAFDB) are responsible for the implementation of this project. The implementation responsibilities in terms of DLI based programs are as follows:

SN	Implementing Agency	DLI based programs
1	UGC (Overall coordination)	DLI 1, DLI 2, DLI 3 (Part concerning universities other than TU), DLI 5 and DLI 7a related programs
2	TU PIO	DLI 3, DLI 4, and DLI 7b (Part concerning TU academic excellence) related programs
3	SFAFDB	DLI 6 related program

Key Performance Indicators to measure the success of HERP:

The following key performance indicators will be used to measure achievement of HERP:

Indicator 1: Number of accredited HEIs

Indicator 2: Percentage of students enrolled in identified priority areas

Indicator 3: Number of under-privileged students supported under the Project

Indicator 4: Average time taken for announcement of results of bachelors programs with centralized examinations at TU

Indicator 5: Number of publications in refereed journals by research grants recipients.

Intended Beneficiaries:

- Universities including their central departments, schools and constituent campuses
- Affiliated community campuses
- Faculty members and students participating in research support (from universities and their affiliated campuses, including private campuses)
- Faculty members, administrative staff, and students in the HEIs participating in HERP
- Under privileged students.

REGULAR GRANTS

UGC provides grants to institutes for Institutional development and quality improvement of their programs. The institutional development grants consist of five major categories.

- Grants for Universities
- Physical Facility Development
- Special Grants
- Regular Grants
- Library Strengthening and equipment Grants

This chapter presents summarized information about the regular grants. Under this grants assistance, the affiliated community campuses are provided with regular grants to enhance the quality of education. The regular grants are provided to the colleges that have completed at least one academic year with the Bachelor's or Master's level of programs. The community campuses demanding regular grants are selected on the basis of documentary evidence of number of students, academic programs, and the location of the campus such as backward area, remote area, or hills. Such campuses also should furnish the documentary evidence and supporting data within the stipulated period. Applications received after the deadline or those that do not follow the proper standard are not accepted.

Community campuses of three universities have got regular grants, one from NSU, seven from PU and four hundred fifty one from TU.

RESEARCH GRANTS

UGC has been implementing Quality Improvement Program (QIP), which has the responsibility of modifying and improving the existing curricula of higher education, conducting refresher courses, and launching skills-and-capacity-building programs for teachers. In addition, QIP promotes the culture of research, improves academic, educational, and physical capabilities of the higher education institutions. The quality improvement programs are organized as per the Regular Program Guidelines 2073, and necessary endeavors for improvement have been made based on the results of previous programs and suggestions from the stakeholders.

As an integral part of research funding component of the regular program of the UGC, this subcomponent covers the financial support to the faculty members from HEIs and fresh postgraduate students taking Master's, M. Phil or PhD degrees. Young students as well as faculty members of HEIs of Nepal are beneficiaries to this program.

UGC provides grants on following categories:

- Collaborative Research
- Faculty Research

DEFINITION OF LEVELS

HE campuses	Higher education campuses, or the university campuses
HE only campuses	All campuses
Bachelor level campuses	All campuses with program up to Bachelor level
Master's and PGD level campuses	All campuses with Bachelor, Master and PGD programs
M. Phil level campuses	All campuses with program including M. Phil.
Ph.D. level campuses	All campuses with program including Ph.D.
Bachelor (B.A., B.Sc., B.B.S., B.Ed., B.B.A., B.E., M.B.B.S., B.H.M., and B.T.T.M., B.B.M., B.I.M., B.P.A.)	Higher Education program of minimum 3 to 5 years (except 1 year B.Ed. Program) that starts after Grade 12 for students who have passed Grade 12 of HSEB. BBA, BE, BHM, BIM, BBM and BTM are of 4 years programs, MBBS is of 5 years.
Master (M.A., M.Sc., M.B.S., M.Ed., M.B.A., M.E., M.D., M.S.W., M.H.M, and LL.M.)	Higher Education program of 2 years that runs after Bachelor level for students who have passed Bachelor level examination of University.
M. Phil.	Higher Education program of 1½ years for students who have passed Master level examination of University.
PGD	Post Graduate Diploma education for students who have passed Bachelor level examination of University.
Ph.D.	Advanced course for students who have passed either Master or M.Phil. Level.

ANNEX 2

BRIEF DESCRIPTION OF HIGHER EDUCATION SYSTEM OF NEPAL

Education imparted after the higher secondary level or the 12th standard or PCL is considered as Higher education in Nepal. At present, there are eleven universities–TU, NSU, KU, PU, PokU, LBU, FWU, MWU, AFU, NOU, RJU and four autonomous academic institutions–NAMS, BPKIHS, PAHS and KAHS that offer higher education in Nepal. Nepal Open University (NOU) and RJU (Rajarshi Janak University) are two newly opened universities. The universities have two types of campuses: constituent campuses – campuses directly managed and administered including financial management by the concerned university; and affiliated campuses – campuses whose academic programs are affiliated to a university, but managed and administered including financing either by private individual/organization (private campuses) or by local community stakeholders (community campuses). The academic activities of both types of campuses are governed by the rules and regulations of the concerned university. There are altogether, 1425 campuses in 2017/18 (137 constituent, 508 community, and 780 private) with 423,996 students enrolled in different academic programs in higher education.

The campuses follow the courses designed by the affiliating universities and examinations are conducted and processed by OCE of the respective universities¹. The academic calendar for student enrolment, schedule of exam, publication of results, courses offered and class hours may vary from university to university. The institutions of higher education are at present providing courses on science and technology, education, management, social sciences and humanities, law, engineering, forestry, medicine, agriculture and animal sciences, ayurved and sanskrit. They run their academic programs with annual or semester systems at the bachelor, master, M. Phil., and Ph.D. levels, but some universities also offer programs like post-graduate diploma (PGD). Depending upon the stream and subject, bachelor level programs are of three to five years duration, master level programs of two years duration and PGD and M. Phil. courses generally of 1½ year duration.

REPORT PREPARATION

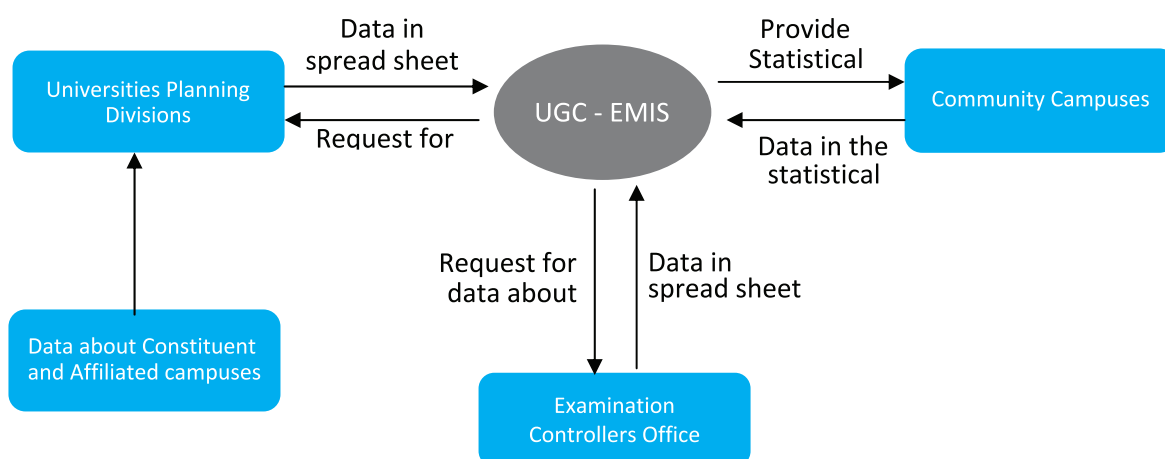

To prepare this report required data were collected from different sources: Universities, Office of the Controller of Examination, campuses etc. Tools used to collect data included:

- Statistical forms
- Emails
- Phone calls
- Personal visit to sources

The provided data were in tabular format in paper or in spread sheet.

- Those data were inserted into the standard UGC spread sheet format.
- From spread sheet those data were uploaded to database using database tool.
- As there were noise, redundancies in data, effort to clean those noise and redundancy were made as much as possible, but even how much effort were used still there remained some redundancies. After cleaning data, aggregated table was generated (one campus was having more than one program, different number of students in each program so it was necessary to sum total number of students for each campuses).
- Then from that aggregated table, summary tables required to prepare this report are generated.
- Those summary tables were then analyzed and described manually and incorporated into the report.

ANNEX 6

DEFINITION OF KEY TERMINOLOGIES/INDICATORS

Gender parity index (GPI): Ratio of the female-to-male value of a given indicator. GPI value of 1 indicates parity between sexes; a GPI less than 1 indicates a disparity in favour of boys; whereas a GPI greater than 1 indicates a disparity in favour of girls.

GPI = Female enrolment / Male enrolment

Gross enrolment ratio (GER): Number of students enrolled in tertiary education, regardless of age, expressed as a percentage of the population in the theoretical age group for the same level of education, (19-24) following the secondary school age group.

*Formula: GER = Total Enrolment (Bachelor + master level) / Population (aged 19 to 24) * 100*

Student/teacher ratio (STR): Average number of students per teacher at the level of education specified in a given academic year.

STR = Number of students / Number of teachers

Gross domestic product (GDP): The sum of gross value added by all resident producers in the economy of the country, including distributive trades and transport, plus any product taxes and minus any subsidies not included in the value of the products.

Higher Education Institutions:

Universities: Institutes providing bachelor or higher level education.

Educational institutions are defined as entities that provide instructional or education-related services to individuals and other education institutions.

Higher Educational institutions are mainly classified as either constituent or affiliated (community and private) campuses according to whether a public agency or private entity has the ultimate power to make decisions concerning the institution's affairs.

An institution is called **constituent campus** if it is: controlled and managed by Universities.

An institution is called **affiliated campus** if it is: controlled and managed by non-governmental organization (e.g. a church, trade union, local community or private business enterprise) and its academic programs are affiliated to a university; the affiliated campuses are further classified in the category of **private campuses**: - campuses that are controlled and managed by private organization under the rules and regulation of the concerned university. These types of campuses are privately funded for profit and **Community campuses**: campuses that are controlled and managed by community stakeholder under the rules and regulation of the concerned university.

Public expenditure on education: Total current and capital expenditure on education by local, Provincial and national governments, including municipalities (household contributions are excluded). It covers public expenditure for both public and private institutions. Current expenditure includes expenditure for goods and services that are consumed within a given year and have to be renewed the following year, such as staff salaries and benefits; contracted or purchased services; other resources, including books and teaching materials; welfare services; and items such as furniture and equipment, minor repairs, fuel, telecommunications, travel, insurance and rent. Capital expenditure includes expenditure for construction, renovation and major repairs of buildings, and the purchase of heavy equipment or vehicles.

Public expenditure on higher education as a percentage of GDP: Current and capital public expenditure on education at every level of administration, i.e. central, Provincial and local authorities, expressed as a percentage of the Gross Domestic Product. It measures the proportion of national income allocated to higher education.

Public expenditure on higher education as a percentage of total government expenditure: Total public expenditure on education at every level of administration, i.e. central, Provincial and local authorities, expressed as a percentage of total government expenditure on all sectors (including health, education, social services etc). It measures the share of public expenditure devoted to education in a given year relative to the perceived value of other public spending. Therefore, it assesses the priority that government place on education compared to other sectors.

Orientation of higher educational programmes:

General education: Education which is mainly designed to lead participants to a deeper understanding of a subject or group of subjects, especially, but not necessarily, with a view to preparing participants for further (additional) education at the same or a higher level.

Technical education: Education which is mainly designed to lead participants to acquire the practical skills, know-how and understanding necessary for employment in a particular occupation or trade or class of occupations or trades. Successful completion of such programmes lead to a labor-market relevant vocational qualification recognized by the competent authorities in the country in which it is obtained (e.g. Ministry of Education, employers' associations, etc.).

Enrolment: Number of students enrolled at a given level of education, regardless of age.

Entrance age (official): Age at which students would enter a given programme or level of education, assuming they had started at the official entrance age for the lowest level, studied full time throughout and progressed through the system without repeating or skipping a grade. The theoretical entrance age to a given programme or level may be very different from the actual or even the most common entrance age.

Equity: In education, the extent to which access and opportunities adults are just and fair. This implies reduction of disparities based on gender, poverty, residence, ethnicity, language and other characteristics.

Graduate: A person who has successfully completed the final year of a level or sublevel of education. In some countries completion occurs as a result of passing an examination or a series of examinations. In others it occurs after a requisite number of course hours have been accumulated. Sometimes both types of completion occur within a country.

Private enrolment: Number of students enrolled in institutions that are not operated by public authorities but controlled and managed, whether for profit or not, by private bodies such as non-government organizations, religious bodies, special interest groups, foundations or business enterprises.

Community enrolment: Number of students enrolled in institutions that are controlled and managed by public authorities or agencies (national/federal, state/provincial or local), whatever the origins of their financial resources.

Teachers/teaching staff: Number of person employed full time or part time in an official capacity to guide and direct the learning experience of pupils and students, irrespective of their qualifications or the delivery mechanism, i.e. face-to face and/or at a distance.

Campus size: Ratio of student enrolment to number of campuses, which means number of students per campus.

INTRODUCTION OF UGC

University Grants Commission

The University Grants Commission (UGC) was established after the implementation of the multi-university concept in Nepal. The UGC Act was approved by the Parliament on November 22, 1993, which started functioning from 1994. UGC is responsible for allocation and disbursement of grants to the universities and their campuses, regulating their activities for quality assurance, coordinating universities for mutual cooperation, and formulating policies and programs on the establishment of new universities.

Main Functions of UGC

- Formulate policies on allocation of government grants to universities and higher education institutions.
- Disburse grants to universities and make recommendations to the government for the grants provisions.
- Award research grants, scholarships, and fellowships.
- Take measures necessary to determine and maintain the criteria and standards of higher education.
- Formulate programs and policies necessary for the promotion and enhancement of the quality of higher education.
- Advise the Government of Nepal on the establishment of new universities.
- Make necessary arrangements for the exchange of facilities and fellowships between universities and educational institutions within and outside Nepal.
